

# **PROJECT FACT SHEET**

## **Force Main Rehabilitation Design-Build Project**

Beginning in mid-April 2013, North Bay Village will begin a new project on the 79<sup>th</sup> Street Causeway on west bound lanes from west of Channel 7 Bridge to west of Harbor Island Drive. This project will last approximately 2 months to complete and will cost an estimated \$225,059.00.

### **Project Limits**

This project will take place on the 79th Street Causeway on west bound lanes from west of Channel 7 Bridge to west of Harbor Island Drive.

### **Scope & Purpose of Work**

This project will improve system productivity by allowing the City Hall Pump Station to operate independently from the Main Wastewater Pump Station; thus reducing the distance the effluent must travel, reducing the need for emergency repairs.

### **Maintenance of Traffic**

Date Work will Begin: 4/22/2013; Date Work will End: 5/27/2013

#### **Lane closures will be as follows:**

During the day, one lane will be closed at all times  
West bound Lanes Closure for Weekdays:  
Total Number of Lanes - 3  
Number Closed - 1  
Number Opened – 2

During the night, two lanes will be closed at all times

Night Time Work will Begin:9:00 PM  
Night Time Work Will End:5:30 AM  
West bound Lanes Closure for Nights:  
Total Number of Lanes - 3  
Number Closed - 2  
Number Opened - 1

Work will be performed only Mondays through Fridays. During lane closures, motorists will be guided through the work zone by warning signs, trained flagging personnel, barricades, and other channelizing devices.

No lane closures will occur on Saturdays, Sundays, or any holiday(s). No lanes will be closed on a Friday preceding a Saturday holiday or the Monday following a Sunday Holiday. No existing lanes will be closed during key Special Event Dates as determined by the Village. The Village may adjust lane closure times if conditions warrant.

### **Timeline**

The project is scheduled to begin in mid-April 2013 and has contract duration of 2 months. Please note, however, that this schedule is tentative and could be impacted by bad weather or other unforeseen circumstances.

### **Hurricane Evacuation**

Should a hurricane or other event make evacuation necessary, the contractor will secure the work zone and make sure that any travel lanes that can be reopened safely are cleared for traffic in order to facilitate evacuation efforts.

### **Helpful hints to guide you safely through the work zone:**

- Give yourself extra time to reach your destination
- Drive the reduced posted speed limit – speeding fines are doubled in work zones
- Follow all signs posted within the construction zone
- Obey flagmen and law enforcement officials
- Never drive or walk into a construction area

### **Public Information**

North Bay Village will make every effort to announce traffic interruptions/lane closures prior to their occurrence. For more information, please contact the Police Department (305) 758-2626, Project Administrator Stephano Viola, P.E. at (305) 785-2650 or Int. Public Works Director Rodney Carrero-Santana, P.E. at (786) 897-9441. You may also visit our web site at [www.nbvillage.com](http://www.nbvillage.com)
