

MDT10Ahead needs your input!

How often do you use Miami-Dade Transit services?

Select all that apply

	BUS	BUSWAY	RAIL	MOVER	STS
4 + times a week	<input type="checkbox"/>				
1-3 times a week	<input type="checkbox"/>				
A few times a month	<input type="checkbox"/>				
Rarely or never	<input type="checkbox"/>				

Given its limited resources, what should Miami-Dade Transit's priorities be for the next ten years?

SERVICE	VERY IMPORTANT	SOMEWHAT IMPORTANT	NEUTRAL	NOT IMPORTANT
Arrive and depart on time	4	3	2	1
Earlier/later service hours	4	3	2	1
More frequent service	4	3	2	1
More weekend service	4	3	2	1
Expand to serve new areas	4	3	2	1
More direct (straighter/simpler) routes	4	3	2	1
Routes with fewer stops	4	3	2	1
VEHICLES				
Larger/higher capacity transit vehicles	4	3	2	1
Newer transit vehicles	4	3	2	1
Wi-Fi on transit vehicles	4	3	2	1
Real-time transit vehicle arrival/departure information	4	3	2	1
Improve bicycle storage in vehicles	4	3	2	1
STOPS/STATIONS				
Improve stop/station amenities	4	3	2	1
EASY Card vending machines at bus stops/stations	4	3	2	1
Retail/food/beverage uses at stations	4	3	2	1
Improve pedestrian/bicycle access	4	3	2	1
Improve bicycle storage at stations	4	3	2	1
PARKING				
Increased parking at rail stations	4	3	2	1
Increased parking at busway stations	4	3	2	1
Increased parking at other Park-and-Ride locations	4	3	2	1

Development Plan

MDT10Ahead, the Fiscal Year 2015-2024 Transit Development Plan (TDP), is a ten-year strategic vision for Miami-Dade Transit to promote the operation of an efficient, reliable, and financially sustainable transit system.

A TDP assesses MDT's existing transit system, identifies existing and future service improvements and capital investments, prioritizes transit needs, and presents a financial plan based upon available funding sources.

The preparation of a Transit Development Plan allows MDT to remain eligible to receive approximately \$20 million annually in transit funding from the State of Florida.

Major components of the Transit Development Plan include:

Performance Evaluation: Based upon TDP goals and objectives, key performance measures are evaluated to assess MDT's performance related to service operations and implementation of capital investment projects.

Recommended Service Plan: The needs plan guides decisions about existing and future service. The plan is based on service standards, citizen input, and stakeholder coordination.

Capital Improvement Plan: This plan prioritizes investments in buses, stations, infrastructure, and equipment needed to preserve and expand the transit system. This plan is dependent on the Recommended Service Plan.

Financial Plan: The financial plan identifies all available financial resources and determines financial needs based on the Recommended Service Plan and the Capital Improvement Plan.

How to get involved: The TDP process provides an opportunity for Miami-Dade County citizens to identify mobility needs and transportation issues. Your input is needed to facilitate public consensus and provide direction for TDP development.

You can participate by attending one of the many forums or ongoing outreach efforts for transit throughout the community.

Ideas, suggestions and comments related to public transportation can be submitted to

MDT at MDT10Ahead@miamidade.gov or mail your written comments to:

MDT10Ahead, Miami-Dade Transit, Planning & Development, 701 NW 1st Court, 15th Floor, Miami, FL 33136.

Correspondence must be postmarked no later than August 4, 2014 in order to be considered for this TDP annual update.
